

**i-th!nk**

our winning mantra

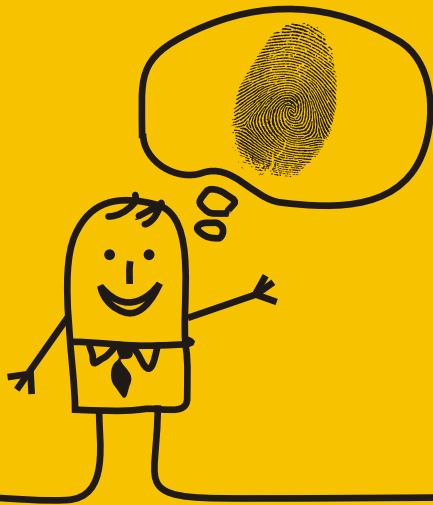

Inventiveness is born out of insights  
to deliver amazing results.

## invigorating!

Invention always reflects the power of ideas. From personal inner self to creative innovations, intuition stands prominent and becomes indispensable. Without ingenuity, inspiration, innovation and invention how does it exist? So integrity is proven to be vital in creating results and responses.

It's the insight what we perceive is through sheer observation and inclination to pursue better ways. We understand only the involvement can make the difference. Inspiration, Imagination, Invention and Innovation are all evolve from our Insight whenever brands or corporate entities need effective solutions to grow, expand and deliver. We at 3rd i Innovations believe in the energy of imagination! that makes us to create and innovate.

identify us

It's over the brewing coffee;  
we decided to put our brains together.

It could be called as coincidental occurrences. Like-minded people like us loved to share our dreams. And it used to happen around a coffee table like predestined moments. Obviously, we discussed and debated a lot. Remember LIVE is not the current moment or being in the present stage, for us, we defined it as the union of love, inspiration, vigour and emergence. It's like passion made us to love creativity, follow the inspiration, share positive vigour and embrace the emergence.

3rd i Innovations simply reinforces the above statement where communications require creativity that will make all the difference in marking an effective reach.

# maximise us

## It's the diversity in unison that allows us to maximise our capabilities.

As they say, communication is always about achieving the optimum results. We as a design studio work absolutely on providing the best, and we are into everything that needs a touch of perfection and innovation. We completely focus on inventive thinking that brings uniqueness to the design that in turn produces better results and outcomes.

Be it brand identity, advertising campaign, brochure, direct mailer, stall design, web site design, corporate video, commercial or documentary, our capabilities are diversified to provide you the desired results regardless of the nature of your brief.

Our services also include outdoor and media releases that are done through 3rd i Advertising, an associated division of 3rd i Innovations.

ignite us

It's the urge to be distinctive  
that sparks intuitions.

Creative thinking is the driving force for any laudable work. We always seek that creative spark that ignites our passion to perform. It's often our loyal clients that make it happen.

Our works reflect our incessant thirst for excellence.
